About company:

Company "Vолоkно" Ltd carries out its activities in 2014. The company is headed by a candidate of technical Sciences, who has experience in the primary processing of wool for more than 45 years.

1. The head, Kovalev Vadim Aleksandrovich - the member of interstate Committee of wool;
2. The company is the winner in the nomination "The Best enterprise in the field of light and textile industry, 2018»;
3. Gratitude to the Union "Chamber of Commerce and industry of Stavropol Krai" for the work and contribution to the development of the economy of Stavropol Krai with wishes of new successes on the way to economic growth and prosperity of the industry, further development of production and increasing competitive advantages. 2017;
4. Laureate in the nomination "The Best small enterprise in the field of industrial production at the end of 2016".

Sheep wool (Fleece):

Sheep wool is a high-quality natural material with unique properties. To receive products, it is necessary to process unwashed sheared sheep wool carefully. The enterprise is engaged directly in processing and washing of unwashed sheep wool.

Because of the quality control there are prerequisites for the receipt of competitive finished products – sliver, which is perfect for making yarn, cloth, fur on a knitted base, which is made of boots, vests, coats, toys, bags, Slippers, etc.

The company has its own laboratory, which monitors the quality of raw materials at the entrance and after processing.

Today, in addition to services for washing and carding wool, the company also offers:

- Vertical hydraulic press for pressing greasy wool;
- Manufacture and sale of containers for unwashed and washed wool.

Wool colors:
