

Promotion and Export of Goods, Raw Materials and Equipment

Dear colleagues!

International commodity Platform ProValue Industry for the supply of raw materials, goods and equipment, construction of industrial, social and infrastructure projects, investment and support of international business, is interested in cooperation with direct manufacturers.

We work with companies from more than 40 countries to develop the production and export of products and technologies, within the framework of national projects "*International cooperation and export*" and "*Digital economy*".

Our platform provides participants with a full range of services for marketing and attracting customers, organizing B2B business negotiations, signing contracts and joint agreements, and providing full export support for transactions.

For manufacturers and exporters we offer:

- Sales of Your products in home country and abroad;
- Company marketing, launching a sales funnel, and developing your brand;
- Assistance to the company in organizing export contracts, foreign trade support;
- Financing of projects and transactions;
- Industrial automation and production optimization;
- Equipment modernization and comprehensive industrial re-equipment;
- Implementation of innovative technologies and advanced solutions;
- Market Analytics, promising investment and industrial sectors;
- Design, construction and launch of industrial facilities;
- Participation in Tenders, International forums and Discussion tables.

We invite you to **participate in the ProValue Industry platform, jointly form comprehensive commercial solutions**, prepare and implement projects, expand and develop your production, and enter new markets. We use primarily Russian and English languages. Translations of your offers into the required language are possible.

If you have any questions about participation or partnership, please contact us in the most convenient way.

With respect,
Vasiliy Deynega
Directorate of ProValue Industry
